

Overview			
Product information			
	DLM-PG29P-21030000105 PG29 Metal Lock Nut		
Product advantages			
☑ Fix cables to prevent internal wiring from being affected by pulling, swinging and other factors; ☑ Waterproof and dustproof, support IP68 high protection level。			
Product certification			
Technical data			
Product drawing			
3D model			
Marking			
classification		Accessories	
Accessries type		Lock nut	
Material characteristics			
RoHS		Comply with RoHS exemptions	
Material (lock nut)		Nylon	
Technical specification			
Limiting temperatures		-40°C~+100°C	
Wrench specifications		45	
Thread specification		PG29	
Thickness		7 .0mm	

## Accessories

Business data		
Order number	21030000105	
Packing unit	100	
Minimum order quantity	5	
Products weight (without packaging)	5.4
